The volume of centralized capital construction completed during the first 4 months of 1949 amounts to 121 percent of that of the corresponding period of 1948 in comparable prices.

During the first 4 months of 1949, 47,300 square meters of living space were put into use, amounting to 18 percent of the year plan.

During April, 36 percent of the second-quarter retail trade turnover plan for State and cooperative organizations was completed. The Kirov General Store completed 43 percent of this plan in April, the Frunze General Store 42 percent, and the Administration of Industrial Trade 43 percent. The Leningrad Main Administration of Restaurants, however, is lagging in the fulfillment of this plan. Agricultural products in the city's markets have increased. In April 1949, inhabitants of the city bought 20 percent more potatoes, 5 percent more vegetables, 200 percent more butter, 130 percent more meat, and 100 percent more eggs than in April 1948.

Municipal enterprises and organizations operated as follows: streetcars fulfilled 100 percent of the April plan for average daily runs, trolley busses 103 percent, busses 112 percent, and taxis 101 percent. Average daily runs of streetcars increased 1.3 percent, trolley busses 24 percent, busses 26 percent, and taxis 72 percent in comparison with April 1948. Streetcars completed 93 percent of the month plan for passengers carried, trolley busses 127 percent, and taxis 72 percent. In comparison with April 1948, this was 85 percent of the passengers carried by streetcars, trolley busses 113 percent, and busses 128 percent.

Water works completed 100.5 percent of April plan for supplying water to consumers, increasing the output of water by 4 percent in comparison with April 1948. The supply of gas to all subscribers in April 1949 increased 96 percent in comparison with the corresponding period of last year. The number of living quarters supplied with gas on 1 May 1949 was 66 percent greater than on 1 May 1948.
